

VIC 20 8K MEMORY EXPANSION

KEYBOARD ONLY

Quasimodo

The evil Count D'Arcy is preparing to hang Esmerelda, a pretty gypsy girl, for refusing his love. But Quasimodo the ugly mute hunchback, guardian of the cathedral bells, loves Esmerelda and seeks to rescue her.

He has got to be quick and nimble to race across the battlements of the fifteen walls that separate the cathedral from the Count's palace where the execution is to take place. It's not easy - the walls are thronged with the Count's personal guards armed with spears and fire balls. Can he evade these and save Esmerelda in time?

FEATURES Smooth moving high res multi colour graphics. Sensational synthesised sound effects and catchy tunes. Fifteen levels, high score and lives left on screen.

LOADING Remove all expansion cartridges from your Vic 20. Insert cassette into cassette recorder. Hold down SHIFT and press RUN/STOP. Press play on tape.
